ISSUE 4

JULY 26, 2011

Safes

Diebold Safes are UL listed with 15 minutes to 2 hours of fire and burglary protection.

Maximus is the top security cash guard in Diebold safes line which is TRTL-30 x 6 UL burglary rated security chest with manufacturer's 2-hour fire rating.

CashGard is a superior line of UL listed burglar-resistant depository and commercial chests with specially formulated high tensile strength steel to meet UL's 15 minute TL-15 door attack.

MasterGard provides storage convenience and security protection for your valuables, negotiable documents and cash. TL- 30 rating provides 30 minutes burglar attack protection.

OptiGard Lock

One-time authentication to gain access to the safe door, and up to five interior locks. Time delay option for any door

with 1- to 99-minute delay. Optional online management capability, through a local area network (LAN).

Vault Doors

Diebold offers proprietary series of UL listed vault doors; Rotary Wedge-Lock Class 3, Titan Class 2, American Class 1 and M Class which provide

a level of protection against burglaries that allows the safe-keeping of valuables and documents.

These doors feature full height stainless steel clad locking bars, three-movement, manual or electronic time locks, exclusive daylight hold-up feature, an integral ventilator and ADA-compliant daygate hardware.

Lockers

LM Safe Deposit Boxes are designed pre-engineered for efficient installation.

Multiple size openings & sections providing most efficient

use of space.

Security and convenience are enhanced by double changeable locks with computerized key security and security-guard lock mounting designed to prevent switching of locks.

Electronic Vault Attendant

The Electronic Vault Attendant (EVA) is a third generation, self-service access control

solution that enables customers to gain access to the safe

deposit box area without the assistance of a vault attendant, allowing personnel to focus on higher-value tasks -- those that deliver true ROI to your bottom line.

Storage Cabinets

Data and file storage cabinets provide complete protection to your valuable data files, secret, top secret & confidential documents, sensitive items like funds, jewels, precious metals etc from fire.

Weapons Storage Containers are designed for secure storage of rifles, pistols of most calibers, riot shotguns & shoulder fired automatic weapons & ammunition.

Security Vestibule

The Security Vestibule is an advanced security screening system which uses metal detection & interlocking door systems to aid in the detection of armed individuals & deters their entrance into buildings.
